# Community Reviews for this School

Posted: 6/4/2020 by Junior

The staff and teachers of this school are friendly and always out-going. These teachers find anyway to assist to see their students succeed throughout life. The coaches are always there to better their athletes and willing to take risks to see their athletes succeed. one thing i would like to see change is the parent involvement. While attending, I didn't see a lot of parent involvement except from the teachers that had kids that attended the school.

i had a great experience at Freeport High School. Although I never attended classes there, They helped me reach my education potential fully. I was fully dual enrolled. All the staff I communicated with were very friendly and helpful and wanted the best for me.

Freeport High School has made my experience amazing. The entire community is a family, we all stick together. We have motto that goes by " If you want to go fast go alone, if you want to go far go together" that we are told at the beginning of every semester. We have amazing teachers that really care for the students and are always willing to help. I would not have traded my experience there for anything, and I am glad that is the school I attended.

I have really enjoyed my time at Freeport High School. The school allows you opportunities to join clubs and sports that will make your high school experience worth while. The only complaint I have is our guidance counselor can be very hard to interact with and she often does not want to help the students. All other staff member are great!!!

Posted: 8/17/2019 by Senior

All of the teachers and Administration are very helpful when it comes to academics and electives. There are many clubs dealing with anything ranging from sports to volunteer work to competitive academic groups. There are only a few things that could possibly be improved such as the arts program, and more choices for classes and/ or electives. With that in mind, over the past few years Freeport High school has slowly expanded on the choices of classes and adding as much as they possibly can.
