Community Reviews for this School

Posted: 6/13/2020 by Alum

I really like this school because for me I've had a lot of opportunities including being on the cheer team, working in concession, interning for teachers, etc. Navarre takes their time to try and help every student graduate.

My experience was good. There was an option to dual enroll with a few colleges around the area which is good to earn some college credit. Spirit weeks were fun we got to dress up for each day and pep rallies were held in the gym. Friday night football games were a good time. The staff were always so helpful and wanted to see you succeed. The school itself was a bit old but still had good technology. Laptops were used sometimes for testing or activities.

I absolutely loved my experience there! The teachers for the most part are very cool and our principle was the best; he's interactive with all students, has good energy, and really does care about our high school experience! The halls are a bit crowded which is the reason for only 4 stars but there are nice, new portables being built for more space! There are so many activities to enjoy, so I highly recommend this school... I know I'm going to miss it when I leave!

My time at Navarre High School was very enjoyable. Teachers were very attentive and truly wanted the best future for you. I made friends there that I continue to have and will forever cherish. Along with being an honors student, I was part of the volleyball team and boys' basketball manager so I always made myself busy. There was never a dull moment at this school. This school has an insane amount of school spirit. The only thing I believe its lacking is funding to make the education a little better, other than that, Go Raiders!

Navarre High School has established an incredible school culture and community. With an abundance of extracurricular activities available to students, everyone at this school is able to find a place to fit in. Students are given the opportunity to explore their interests, learn to work alongside their peers, and become leaders in their community. Administrators and teachers are extremely encouraging and express a genuine care for those they are tasked with educating. Navarre High School prepares students not only for entering college, but also the "real" world.
